

## Quality Assurance Scoping Visit

We will carry out an initial review of existing quality assurance systems and procedures used for:

- Organisational Self-Assessment including identifying strengths and areas for improvement
- Observing teaching and learning
- Implementing feedback from learners

### Suitable for:

Work-based learning providers, third sector providers, School Sixth Forms, private training providers, alternative education providers.

### Outcomes:

By the end of the scoping visit organisations will have a clear understanding of

- Existing strengths and areas for improvement
- An understanding of the new Inspection framework

Organisations will receive a comprehensive report on the findings of the visit within 10 working days.

**Cost: £500 + VAT per day - if you require more than one day, please contact us for a quotation.**

The scoping visit can be followed up with support packages tailored to each organisation's identified development needs - larger organisations may benefit from a fuller scoping visit.
