

## **Using Data to Drive Improvement Post-16**

**(1 day training)**

Get a clear picture of the range of data available to inform curriculum planning and evaluation of Post-16 performance. Understand how to use data to evidence evaluative self-assessment and prepare for inspection.

Undertake practical activities to ensure you are confident in analysing and using this data in your institution to drive improvement.

### **Suitable for:**

Curriculum Deputies, Heads of Sixth, Post-16 Course Leaders, Heads of Department, Post-16 Curriculum Managers, Heads of School, Heads of Faculty.

### **Outcomes**

By the end of this training:

- You will be familiar with a range of data (success, retention, achievement, value added, national benchmarking, awarding body data, learner satisfaction/learner voice, external verification reporting) and how it can be used to improve teaching and learning
- You will know how to use data to write evaluative self-assessments and prepare for inspection

**Cost: £500 + VAT per day - if you require more than one day, please contact us for a quotation.**
